

Student Dress Code Standards

The following required dress code standards are established to provide students an outward expression of the appreciation and respect they have for their school, their peers, and the educational environment.

The dress code requires that students attend school wearing appropriate school dress in their choice of navy or khaki pants, walking shorts, skirts or skorts with a burgundy or navy top and a contrasting sweat shirt, jacket or vest. In addition, white shirts, navy or burgundy jumpers and burgundy ties and black shoes are optional for dress occasions.

The school dress code supports student learning by making morning dress on school days easier and less time consuming. Keeping their dress to a simple code allows students to impress others with their character and personality and to understand and accept the inner qualities of their peers without distraction. School dress items can be purchased through many different stores, for example, Target, Wal-Mart, Old Navy, Lands End, and The Gap.

We appreciate your effort to see that your student/s dress modestly and respectfully, in school appropriate clothing of the required dress code colors. Shorts and dress length will be at least to the middle of the thigh and because of how much time is spent working on the carpet and playing outside; girls are encouraged to wear skorts, shorts, or leggings under their skirts. Blue jeans are not appropriate attire.
